

# DENCHCOIN

My business partners and I since 2018 we have been working to create a optional and optimal way, which will substitute all the present payment systems. The work continuous since this day, in order to demonstrate our will and show our optimal product, which would be placed side by side on global standards.

In fact our corporation employees, took the ERC20, since today our employees working to place our standards even higher levels in the crypto currency much safer level, and for that matter our employees never hesitate to achieve our corporation make even more productive.

The grand opening of our website took place on the year of 2020, Feb 28.

We are a professional company and our employees will provide the best customer service. We partnered with the top brands and companies to provide our best service and crypto currency approach to give the customers to purchase their manufactured products and goods.

With Denchcoin crypto currency soon we will satisfy and serve new and interesting products, which will make our customers life much convenient.

Those customers who will use greater amount of our Denchcoin crypto currency will have plenty of benefits, like cashback choice and much more promotions. Promotions will include on constant matter and benefit our customers to have much better and comfortable life.
